

Business Profile

Business reporting: objective, credible and reliable

Your job is deciding who gets credit and how much credit to grant. This doesn't have to be a time-consuming task, where obtaining information you need to make informed decisions could take days or even weeks. Business Profile from Experian can help you make informed decisions quickly and easily.

Who we are and what we do

Experian® enables organizations to find the best prospects and make fast, informed decisions to improve and personalize relationships with their customers.

With 30 years of experience and more than 2,800 business-to-business clients in North America, Experian has the knowledge, expertise and creativity to help you further develop successful customer relationships.

Data

We hold more demographic and credit information on individuals and businesses than any other company in the world, providing power and insight to better understand customer and prospect needs. We maintain credit information on approximately 215 million U.S. consumers and more than 18 million public and private U.S. businesses.

Delivery

One way to harness the power of this information is through the Business Profile report, our most comprehensive business credit report.

Know

the day-to-day risk potential

The Business Profile report presents a current, objective picture of how a business manages its financial obligations. The report will help you make effective business decisions by providing:

- Actual trade payment experiences
- Public record information
- Company background
- Collections information
- Comparative data placing a company's payment performance in context with its industry

Much of the information displayed on the report comes from actual businesses, like yours, providing us with their accounts receivable information. As such, the information is reliable, accurate and nonbiased, allowing for an objective view of a company's overall financial health.

All you need

to know about Business Profile

On the following pages, a sample Business Profile report is provided with explanations of how to read the report and why the information is important. After you've had a chance to review this booklet, we're sure you'll agree that the Business Profile report is a valuable tool that will help you make better, more profitable decisions.

Evaluate risk at a glance

The Business Profile's executive summary gives you a quick overview of a business's credit behavior, so you can determine whether or not you need to see additional details. The Days Beyond Terms (DBT) and predicted DBT express Experian's estimation of a company's potential risk in a single number.

Performance Analysis 7

Predicted DBT for 10/20/2004: 25 DBT

Payment Trend Indication:
 Show No Identifiable Trend

Industry payment comparison:
 Has paid slower than 70% of similar firms

Most Frequent Industry Purchasing Terms:
 NET 30, CREDIT, and CONTRCT

3 Quarterly DBT trends (previous 5 quarters)

4 7 month DBT trends

* Days Beyond Terms (DBT) is a dollar-weighted calculation of the average number of days that payment was made beyond the invoice due date based on trades on file that have been updated in the previous three months.

** Cautionary UCC Filings include one or more of the following collateral: Accounts, Accounts Receivable, Contracts, Hereafter Acquired Inventory, Leases, Notes Receivable or Proceeds.

1 Company information

Company's location, phone number, primary business category, Experian file number and file-established date. Date of incorporation and tax ID number are provided, when available.

2 Current Days Beyond Terms (DBT) industry comparison

- Provides key measurements of payment performance compared with other U.S. businesses, including:
- Days Beyond Terms: a dollar-weighted average number of days beyond the contractual due date that a business pays its bills based on tradelines that have been updated in the previous three months
 - The trade balance associated with the existing tradelines that have been updated in the previous three months
 - DBT norms — compares the company's average DBT against the average DBT of all industries and other businesses within the same industry

3 Quarterly DBT trends

The business's average DBT performance for the previous five quarters.

4 Monthly DBT trends

The business's average DBT performance for the previous seven months.

5 Legal filings and collections

Summarizes public record and other derogatory information, including original bankruptcies, tax liens, judgment filings and reported collection accounts. Hyperlinks within the Executive Summary allow you to quickly navigate to additional details in the body of the report.

6 Trade information summary

- Provides a snapshot of important trade balances and payment performance metrics, including:
- Key DBT calculations
 - Total continuous trades — number of existing trades that have been updated in the previous three months
 - Largest amount of credit extended in the previous six months
 - Lowest to highest range of total balance owed over the previous six months

7 Performance analysis

A forecast of the expected Days Beyond Terms for 60 days into the future, payment trending, how much slower the business pays its bills than similar companies and the most common purchasing terms associated with the business's industry.

An objective view of credit performance

Legal filings and collections — summarizes collected public record data and other derogatory information; includes bankruptcies within the past nine years, tax liens and judgments including filings released within the past five years, Uniform Commercial Code filings and types of collateral pledged, reported collection accounts and telecommunication accounts that are reported as write-offs or skips.

Trade payment experiences — information allows easy analysis of whether a business's ongoing payment behavior is steady, improving or declining.

Business Profile — CROCKER INDUSTRIES

Payment totals — summarizes the totals for continuously reported and newly reported tradelines.

Additional payment experiences — includes payment experiences on non-trade accounts, such as leases and bank loans. This section also lists any tradeline that has not been updated within the previous three months.

Evaluate ongoing payment behavior

Monthly payment trends — uses continuously reported tradelines to identify changes in payment behavior over the previous six months.

Quarterly payment history — represents a five quarter analysis of payment trends.

Inquiries — provides a summary of all inquiries made on the subject within the past nine months.

Government financial profile — reports selected financial and contract data reflecting the company's dealings with federal government agencies.
