NACM Connect is announcing the launch of their third Credit Professionals Compensation Survey. This year's survey will include questions related to COVID-19 and its effect on the credit department as well as information relevant to credit professionals including designations, certifications and emerging trends in credit department hiring. The survey will provide detailed information covering compensation information for each credit department position benchmarked.

The survey will be conducted/compiled by HR Source of Downers Grove, IL, a firm specializing in secure compensation surveys. We recognize the highly sensitive nature of this information and this way we can assure confidentiality.

You will receive an email from the HR Source company inviting you to participate in the survey on October 27th. The survey will remain open for four weeks, and the deadline to participate will be November 30th. The results will be tabulated and are expected to be available in February 2021 free to each participating member. Non-participating members can purchase a copy of the results for \$200. The survey results are not available to non-members.

This survey and its results will be exclusively for member companies of NACM Connect, an affiliate of the National Association of Credit Management.
