As most states (and Canada) have eased or eliminated the restrictions on credit card surcharging, many trade creditors have implemented a strategy to recover these costs. Implementing such a surcharge strategy raises many questions not only for the credit team, but also for the sales and executive management teams.

This presentation will discuss the following questions.

- 1) Do the credit card network surcharge rules and states' laws allow me to surcharge?
- 2) How can I implement surcharging in light of the numerous credit card network rules & states laws?
- 3) How do I reduce my processing fees whether surcharging is implemented or not?

Attendance at this roundtable discussion is worth .2 Continuing Education Units/CCE Recertification points.
