LATEST DEVELOPMENT ON
CREDIT CARD SURCHARGING:
Rules, Laws, Implementation
& Fee Reductions

Speaker: Matt Fluegge - United TranzActions

Roundtable discussions are a great opportunity to review, discuss, question and learn best practices with credit professionals of countless experience and backgrounds, across various industries and company sizes.

DISCUSSION TOPICS

As most states have eased or eliminated the restrictions on credit card surcharging, many trade creditors have implemented a strategy to recover these costs. Implementing such a surcharge strategy raises many questions not only for the credit team, but also for the sales and executive management teams.

- 1) What are the credit card network surcharge rules?
- 2) How can I implement surcharging in light of the numerous Credit Card Network Rules?
- 3) Do any states still have laws restricting my company's ability to surcharge?
- 4) Can I reduce my processing fees, even if I don't implement surcharging?

This presentation will answer these and many more questions using examples of those NACM Members who have successfully implemented a compliant surcharge solution to not only reduce payment processing costs, but to expand customer payment options beyond credit cards.
