Credit Application Processing

This service is available with your membership
and the **FIRST 3 are FREE!**

For additional information, please contact your Membership Representative.

How it Works:

- Step 1. Email** your credit application to businesscredit@nacmconnect.org
- Step 2. Allow** us to contact up to four references and merge that information into the NACM National Trade Credit Report (NTCR), which may already include additional payment history from NACM members nationwide.
- Step 3. Receive** your preliminary and final NTCR reports based on your preferred tier.
- Step 4. Make** an informed credit decision!

Getting Set-Up:

- As a valued member of NACM Connect, you have the exclusive opportunity to explore our service completely free of charge. Enjoy three complimentary applications to experience this offering.
- Let your Membership Representative know that you are interested in the Credit Application Processing Service.
- An NACM Connect team member will reach out to you to assist in establishing your preference profile.
- Beginning with your fourth application, you will be billed monthly for any additional applications.

Processing Tiers:

Tier 1 Rush Processing: You will receive a preliminary report the day the application is received, and a final report by the end of the following business day.

\$45

Tier 2 One-Week Processing: You will receive a preliminary report the day the application is received, and a final report within 5 business days.

\$35

Tier 3 Two Weeks: You will receive a preliminary report the day the application is received, an additional preliminary report within 5 business days, and a final report within 10 business days.

\$25

Upgrade options:

Members can “upgrade” an application to a higher tier if they would like that specific application to be processed at a shorter turn-around. Just mention which tier you would like your application to be processed when sending via email! Otherwise, all applications will be processed at your profile’s default tier.
