

Crafted Connections 2027

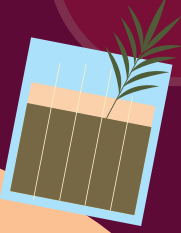

Cocktails & Conversations

Crafted Connections is a happy hour inspired networking experience, bringing together credit professionals for engaging discussions and hands-on cocktail demonstrations. Crafted Connections is a benefit of your membership with NACM Connect and will take place on Zoom as a quarterly virtual event. Once the drinks are poured, participants will join a discussion around industry topics. Join fellow NACM Connect members as we mix drinks, exchange ideas, and build stronger professional relationships one conversation at a time.
