For Non-D&B customers

**Top reasons businesses trust D&B
as your data provider:**

- Data on 640M+ entities, more than any other B2B data provider
- Data on 500M+ professional and 250M+ consumer contacts 15+ years of historical data for long-term performance analysis and trend forecasting
- Proprietary business scores, ratings, and models to turn raw data into actionable insights
- ~200M trade payment experiences to assess financial reliability and predict future performance.
- 65M+ mapped corporate family tree relationships, helping you understand ownership, control, and global linkages.
