Discussions & Insights

Introduction to the Partnership

Learn about the strategic alliance between Dun & Bradstreet and FIS GetPaid and how it brings together cutting edge technology and industry-leading data for enhanced collections performance.

Deep Dive into the Collections Module

Explore the robust functionalities of the collections module with FIS GetPaid, designed to streamline your collections processes, improve cash flow, and reduce DSO (Days Sales Outstanding).

Maximize Efficiency

Discover how automation, analytics, and intelligent workflows within the collections module empower your team to work smarter, not harder, driving efficiency and productivity.

Unlock Insights

Leverage Dun & Bradstreet's rich business data and predictive analytics integrated into FIS GetPaid to gain valuable insights into customer behavior, prioritize collections efforts, and mitigate risks effectively.
