WHAT'S IN IT FOR ME?

This service offers you and your company a Specialized Industry Credit Service as a necessary and profitable supplement to your general credit services.

Quarterly Clearance List - Members can submit up to fifteen (15) of their accounts to be included in each packet of reports. This provides the opportunity to obtain current ledger experience on your customers. Members receive the entire set of reports each quarter in return for their cooperation.

Interim Inquiries - In addition to the accounts you update, you also have access to ordering other NACM Connect reports at a special member rate.

Coded Membership Roster - Group members are identified by number on reports and a numbered group roster is furnished to all members to aid in report study, trending and follow through.

Alert Submittals - Members cooperate for mutual benefit by reporting current problems and information via email (i.e., NSF checks, unauthorized and unearned discounts, collections, etc.).

Meetings - Held four times a year, typically March/June/September/November at a location chosen by the Board. Two of these meetings are Zoom calls.

Personal Contacts - A network of credit professionals with similar responsibilities establishes confidence and cooperation in exchanging credit information for mutual benefit.

Administrative Supervision - A qualified staff member of NACM Connect serves as your Group Administrator who attends all meetings, provides information/consultation and supervises the service to members.

Other Credit Services - Educational/Research Activities, Staffing Services, Additional Credit Reporting Products from other Databases, including Experian and Dun & Bradstreet, are available to you through NACM Connect and the nationwide affiliates of the National Association of Credit Management.
