Membership Brings More Value to Your Company!

NACM Connect provides credit professionals the information and resources needed to do their jobs better, advance their careers and achieve better financial success with their companies. In addition to providing a forum for members to come together for networking and other business purposes, we also offer opportunities for members to grow personally and enhance their leadership skills.

Every company, large or small, can benefit from the many benefits and services offered by NACM Connect. We are the largest business credit trade association in the country, and NACM Connect members belong to a national business credit community. It pays to be connected with the people who can help you most. Below is a glimpse of the products and services available to our members.

Networking Opportunities

Looking for a new position? Need advice on an aspect of your operations? Have a question on a customer? Networking answers these needs and NACM Connect provides numerous opportunities, both live and virtual, to enable networking for our members. Through our many educational and social offerings, industry groups, and virtual lunch and learns – just to name a few – we make connecting with your peers easy and productive.

The InterConnection **online community** makes networking and getting the information you need fast and fun!

Education

Conferences, classes to support obtaining your professional designation, seminars, webinars, symposiums… NACM Connect encourages our members to participate in all of these education channels to stay on top of the basics and ongoing changes in the credit industry.

Earning a designation – Credit Business Associate, Credit Business Fellow, Certified Credit and Risk Analyst and/or Certified Credit Executive – puts you at the top of your profession.

Dual Membership with the National Association of Credit Management

As a member of NACM Connect, you also automatically hold a dual membership with NACM National, which allows access to the free data and resources available in the NACM National Knowledge Center and Research Database. You'll have access to an online credit database, downloadable sample forms, cross reference data, free webinars, reading through surveys on key topics and much, much more.

Collections

NACM Connect has partnered with the Commercial Law League of America's Certified Agencies, Caine & Weiner (NE, WI, WV) and NACM Southwest Collections (OH, PA), to assist our members in collecting their past due receivables at favorable rates. These leading agencies are ready to help you surpass your accounts receivable goals.

Leadership Opportunities

Our success depends highly on our volunteer leaders. Opportunities exist to participate on any number of committees, on our faculty, as discussion leaders at conferences and seminars or on our Board of Directors.

Careers in Credit

NACM Connect has partnered with Naylor Association Solutions to attract highly-qualified prospects and connect them with our member companies in an easy cost-effective solution. Naylor provides assistance to both candidates and member companies in attaining their hiring goals while producing non-revenue dues for the association.

NACM Connect Bi-Annual Credit Professionals Compensation Survey

This survey goes out to all member companies in our regions and provides valuable compensation data on 9 different positions in the credit/collection department. If members provide their data, they will get the published results at no cost.

Publications

Business Credit **Magazine**

Your membership includes a subscription to NACM National's magazine. You will receive 10 issues per year of the most comprehensive source for keeping you up-to-date on credit issues.

CreditConnections **Newsletter**

NACM Connect's bi-monthly newsletter keeps you informed of local activities and "hot credit topics" in your area.

Credit Check

Our enewsletter, published on alternating months with the *CreditConnections* newsletter, is a source for updates on important information between issues.
