National SAP Users Credit Group

GROW YOUR **NETWORK** WITH US

What's in it For Me?

The format of each meeting is an open discussion of problems and strategies for using the credit and A/R functions of SAP. The meetings are very informative and give you an opportunity to network with other credit professionals who might be experiencing the same SAP issues that you are experiencing. Our meetings include many companies at various stages of SAP implementation, ranging from very experienced SAP users to those that are not yet fully installed. The meeting is an Open Forum for members to discuss any SAP issues they are experiencing. Members provide discussion topics.

Meetings - Zoom meetings

Personal Contacts - A network of credit professionals with similar responsibilities establishes confidence and cooperation in exchanging credit information for mutual benefit.

Administrative Supervision - A qualified staff member of NACM Connect serves as your Group Administrator who attends all meetings, provides information/consultation and supervises the service to members.

Other Credit Services - Educational/Research Activities, Staffing Services, Additional Credit Reporting Products from other Data-bases, including Experian and Dun & Bradstreet, are available to you through NACM Connect and the nationwide affiliates of the National Association of Credit Management.
